188 / AILE Design Atelier Sedap

Micro Corniche is a high strength plaster profile for indirect linear LED lighting

**Weight**

2 Kg

**Orientation**

## FINISHES

Natural plaster finish

AA

## LIGHT SOURCES

REFERENCE	DESCRIPTION	LENGTH
	High strength plaster profile LEDs strips as an option	
188.150	Profile, length 1.50 meter	1,50 M

MICRO CORNICHE / EQUIPEMENT LEDs (more info)

REFERENCE	DESCRIPTION
8129 .LDT	5 ml High Power LED strip, warm white (2700 °K) - 120 LEDs /m, 5cm divisible Consumption 19.2 W per meter - 24V - 2000 lumens per meter
8130-1 .LDT	5 ml High Power LED strip, warm white (3000 °K) - 120 LEDs /m, 5cm divisible Consumption 19.2 W per meter - 24V - 2000 lumens per meter
8099 .LDT	5 ml LED strip, warm white (2700 °K) - 60 LEDs /meter, 10cm divisible Consumption 15 W per meter - 24V - 1080 lumens per meter
8100 .LDT	5 ml LED strip, warm white (3000 °K) - 60 LEDs /meter, 10cm divisible Consumption 15 W per meter - 24V - 1080 lumens per meter
8102 .LDT	5 ml RGB LED strip - 60 LEDs /meter, 10cm divisible Consumption 15 W per meter - 24V

5179 Aluminium heatsink section (20 x 6 mm), length 1 meter
