

atelier sedap / LIGHTING

3321 / CIRCLE TECH 80 Surface-mounted Design Atelier SEDAP

Weight

8 Kg

Orientation

Ceiling / Wall lamp in HD plaster, CIRCLE TECH offers high power by direct lighting of 8 000 lumen emission source (Light Output Ratio: 85%), while limiting glare by an opal diffuser.

Its small dimensions (diameter 30cm / depth of 6cm) and its composition in plaster reinforced with fiberglass (facilitating the application of any paint finishes) allow the luminaire to be integrated into all types of interiors.

In GRG by Atelier SEDAP, the central disc is fixed to the plaster body by powerful magnets.

This removable disk allows easy access for maintenance of the driver powering the LED equipment on a rigid circuit (PCB).

FINISHES

Natural plaster finish Acrylic paint finish Matt polyurethane lacquer (PU)
